Read the story.

1 It is lunchtime in the forest.

Do you want some bananas?

Yes, please. I like bananas.

No, thanks.
I like apples.

2 Baby Squirrel eats more apples.

You must slow down!
Do you want some peaches?

No, thank you.

3 Suddenly, Baby Squirrel spits something out.

It's an apple seed. It can
grow into an apple tree.

4

Oh no!

What's the matter?
Are you OK?

5

I don't want an apple tree in my tummy!

Trees can't grow in tummies.

6

Do you want more apples?

No, thanks. I'm full.

Why can't trees grow in tummies?
What must seeds have to grow?

Did you know?
