## Travel corner - Our holidays

Everybody loves holidays but we spend them in different ways. Have you been to some fun places in Hong Kong? Have you ever travelled outside Hong Kong? Here are some pupils' holiday experiences.

I have only travelled outside Hong Kong once. Last Christmas, my family went skiing in Korea. At first, I fell down a lot, but I kept trying and on the last day I skied all the way down the mountain. The cold air on my face felt so fresh!

My favourite activity was snow tubing. It was fast and exciting. I also loved riding on the ski lift — until my boot fell off. My right foot was freezing!

I have been to Australia many times because my grandparents live there. We usually go in January because it is summertime in Australia. I love having two summers!

Last year, we took a ride in a hot-air balloon. The views were fantastic. We flew over a huge rock called Uluru. As the sun rose, the colour of the rock changed from brown to red. It was beautiful. After the hot-air balloon ride, we fed some baby kangaroos. They were so cute!

I have never travelled outside Hong Kong. I don't need to — there are lots of fun things to do here.

A few years ago, my family went to Cheung Chau for the weekend. Dad rode a tricycle with my sister and me in the back. We loved it!

We also went on a boat trip to Cheung Po Tsai Cave. The cave was very small and narrow. It is hard to believe a pirate hid his treasure there! In the evening, we had a delicious seafood feast by the sea. Yum!
