Kung Fu Panda 3

This is the third film about Po, the kung fu panda. In this film, Po finds his long-lost father and they travel together to a panda village. For the first time, Po can enjoy eating, playing and spending time with other
5 pandas. However, an evil bull called Kai brings an end to their fun. Po must save China again, but he needs help from his new friends. Can Po turn a group of fun-loving pandas into a kung fu army? It is a difficult job for Po, but he never gives up!

10 The animation was great and the fight scenes were very exciting. It was also hilarious. I couldn't stop laughing!

Ice Age: Collision Course

The film starts with Scrat the squirrel getting into
15 trouble. He goes into space and accidentally sends
dangerous space rocks towards Earth. Manny, Sid, Diego
and the others want to get away from the rocks so they
set off to look for a safer home.

I felt a bit disappointed when I watched this film —
20 the earlier Ice Age films had more interesting storylines.
Also, although there were some amusing scenes in Collision
Course, the other films were funnier.

Captain America: Civil War

This is the third Captain America film. The 'war' in the
25 title is between Captain America and Iron Man. Both have their
own team of superheroes and there are lots of fights between
them in the film. Who wins the war? I can't say — I don't want
to spoil the story for anybody. You will need to watch it and find
out for yourself!

30 I loved seeing my favourite superheroes in this exciting
film. However, I thought it was too violent for younger children.
There was a lot of action in the film, but I was surprised that it
was moving too. I was especially touched by the friendship
between Captain America and his old friend Bucky.
