15th December 20XX

Dear Sammy,

Thanks for your letter. It is winter in Hong Kong now but it is summer here in Australia! It is sunny and
5 dry every day. I usually wear a vest and shorts.

Summer is my favourite season. I have two months of summer holidays! The days are long. We can still see the sun at
10 8 p.m. We often have evening barbecues in the backyard. The sausages smell delicious. They make my mouth water.

Merry
Christmas

The best thing about
15 summer is Christmas. It is
fun to have a hot Christmas.
We usually go to the beach
on Christmas Day. We build
sandmen, not snowmen. I like swimming in the
20 sea. The water feels cool on my warm skin.
Look at these photos from last Christmas.
Santa is surfing!

Which season do you like
best? Please write soon and
25 tell me.

Yours,
Max

Did you know?

What do you think is most interesting
about summer in Australia?

Hong Kong and Australia have opposite seasons.

In December, it is
winter in Hong Kong.

In December, it is
summer in Australia.
