Dear Miss Wong,

I will never forget our amazing graduation play. I felt honoured to be part of it. We all worked so hard to make it a success. As you said, 'Teamwork makes the dream work!' I felt really proud when I saw my family clapping and cheering.

I am sorry for making so many mistakes at the dress rehearsal. We were nervous and things went wrong, but you patiently led us to success. Thank you for being such a wonderful teacher!

Please stay in touch!

Annie Jones, 6A

The opening night of
our brilliant show

Dear Paul,

Thank you for being such a good friend. You have always been there for me. I remember last year on Sports Day, I twisted my ankle in the 800 m race. When you and all the other runners crossed the finish line, I still had half a lap to go. I wanted to

give up but you came back and finished the race with me. Thank you for your support and encouragement — that day and every day!

A friend in need is a friend indeed!

Ryan So, 6C

Amy,

You have been my classmate since kindergarten. I can't believe we are going to different secondary schools. I will miss you a lot! Good friends are like stars. You don't always see them, but you know they are always there.

Katie Chan, 6B

Best buddies since kindergarten

Dear Teachers,

Primary school is nearly over, our time here is done. There's been lots of hard work, but also lots of fun.

I now speak better English, my Maths has improved too. I've learnt so many new things and that's all thanks to you.

You've taught me to respect others and listen to their voices. I'm also much better now at making my own choices.

You've taught us all to stand up for what we know is right. And argue with words, not fists — there's no need to fight.

Thank you for your hard work, your help and kindness too. Although we'll have new teachers soon, we'll never forget you!

Andy Lam, 6D

What have you learnt in six years of primary school? Who are you thankful to?

Thank you!
